FIRST CONCLAVE JOB FAIR! Saturday, July 23 has been announced as the date for the co-sponsored Conclave & **Brown College** Job Fair, held from 9AM-Noon during the 30th Annual Learning Conference. The best news about the Job Fair at the Marriott City Centre in Downtown Minneapolis: it's FREE for both employers and job seekers! And here's the second piece of great news: If any participating employer or applicant wants to take in the remainder of Saturday's Learning Conference agenda, the cost will only be \$49 - which includes the Conclave's famed Legends Luncheon! This new event is designed to assist ownership and management in their quest to fulfill their challenging EEO requirements, while allowing job hopefuls some "one stop shopping" for new opportunities without having to visit dozens of stations for interviews! Employers will have access to the professionally charged atmosphere for which the Conclave has become famous while fulfilling their challenging EEO requirements. Meanwhile, job hopefuls will be afforded "one stop shopping" for new opportunities without having to visit dozens of stations for interviews! Envision Radio's **Danno Wolkoff**, Chairman of the Conclave Board, stated, "Everyone knows how the government's mandate on recruitment and diversity have made the hiring process even more difficult for radio management. That's why we're presenting this Job Fair as a little 'value-added' piece to our weekend of learning. Every employer who conducts interviews at the Fair will be receiving documentation they can add to their EEO file. And who knows? They might wind up with a fabulous new employee in the process!" Employers interested in reserving a table are encouraged to contact **Karol Baumeister** of Brown College at 651-905-3499 or **Tom Kay** of the Conclave at 952-927-4487. Space is limited to the first twelve employers who respond by Friday, July 15, so hurry!

Keith Urban, whose smash hit "You'll Think of Me" is charging up the pop charts after making a huge splash in country, will perform at the 30th Annual Conclave Learning Conference on Friday, July 22 at the Marriott City Centre during the *Conclave Awards Luncheon*. Hosted by **Jefferson-Pilot's Matt & Ramona**, the Awards Luncheon will feature the Urban performance following the presentation of the Conclave scholarship awards and the 2005 Rockwell Award to **Dave "Duke" Sholin**. The event is co-sponsored by **BMI**. Rumors of Keith's appearance at the Learning Conference have been swirling for weeks, and confirmation of his performance has prompted dozens of calls to the Conclave office demanding details! Known for his patented high energy, guitar-driven shows, the **Capitol/EMI** superstar has sold millions of records and has performed at sold-out show after show! His success supersedes formats and genres, to which the Australian star attributes his love for all kinds of music, adding "It's great when people can put aside their perceptions of a genre and just gravitate towards something they like." His performance at the Conclave - his first multi-formatic industry appearance - is sure to leave a lasting impression on those in attendance as well! Make sure your in the noontime audience next month! This will be a show with a buzz so big it'll last until the 2006 Learning Conference!

He just wanted to set the record straight. That's what murder suspect **Jeff Skelton** told WCCO/Minneapolis reporter **Bruce Hagevik** during a phone call he made to the station on Sunday, June 19. WCCO had earlier aired a report detailing the slaying of a woman in Mound, MN. That woman was Skelton's wife. The shooter called 'CCO to state that he went to victim **Michael Delmore's** home with the intention of shooting him in the foot because his wife was "shacking up" with him. The situation quickly escalated, and several shots were fired by Skelton, killing Delmore. Shortly after the call, Skelton turned himself in to Mound police. Authorities have stated that Delmore was attempting to help Skelton's wife leave what had become an abusive marriage.

Changes. Clear Channel Oldies KLOU/St. Louis PD **Al Brock** has left the building. **Conclave Advisory Board** member **David Haley**, former VP/Promotions at **Warner Bros. Nashville**, moves to Nashville-based **Equity Music Group** as VP of promotion...**Van Patrick**, formerly of KSTP/St. Paul-Minneapolis, will replace **George Woods** for mornings at **Susquehanna Talk KCMO/Kansas City**...**Linda O'Connor** joins **Radio One Urban AC WFUN/St. Louis** as GM.

Minnesota Public Radio is leading the way in the Twin Cities. On Tuesday (6/21) Classical KSJN/Minneapolis became the first station in the area to use digital technology for a "multi-cast" (different formats on the same frequency). MPR President **Bill Kling** demonstrated the HD stations, saying, "You're listening to the future." Currently there is not established programming for the additional formats, only single programs played on repeat for the sake of demonstration, however plans are in works to make us of the "extra" air space for all three MPR stations in the Twin Cities, KSJN, KNOW (91.1 FM) and KCMP (89.3 FM). The practical application for the technology is still a distance off, as few Twin Cities residents own or have access to the digital receivers necessary for picking up the multicasts. At \$300 for the home version and from \$600 to \$5,000 for a car system, it's no wonder that even electronics super stores like **Best Buy** don't carry them...yet. (Rumor: will MPR's HD be demonstrated during the Learning Conference's HD sessions on Friday, July 22?)

A-Ware Software, Inc. developers of **MusicMaster for Windows** music scheduling software welcomes **Brian Burns** as Senior Account Executive. VP/COO **Mark Bolke** is excited about the addition saying, "Brian is a well-respected industry veteran whose talents will further enhance our ability to meet the increasing demands for our product and customer service. We are thrilled to have him on board." Burns' comes into the position from a long career including stints at **Waitt Media/Omaha**, **Entercom Broadcasting/Kansas City**, **AM/FM Broadcasting /Raleigh** and **The Network Magazine Group/Los Angeles**. Brian is a former member of the Conclave Board of Directors, and was responsible for re-imaging the Conclave's summer weekend as "The Learning Conference" several years ago!

Conclave XXX will be host to some of the most influential News/Talk leaders at their **Billboard Radio Monitor**-sponsored Format Symposium on July 23rd at the Marriott in Minneapolis. The session will examine the trends that affect this ever-expanding format. Billboard editor-in-chief/managing director **Scott McKenzie** will moderate, with confirmed faculty members as follows: **Air America** President/**Premiere Radio Networks**, **MJI Broadcasting** vet **Gary Krantz**, **Walter Sabo** of New Jersey Talk 101.5, **Steve Jones**, VP/GM of **ABC News Radio**, **Erin Rasmussen**, PD of **Hubbard Broadcasting's** conversation radio **WFMP (FM107)** Minneapolis/St. Paul, **Charlotte Burke**, executive editor of **CBS Radio News**. News/talk is going through dramatic changes and the competition from convergence affects it as much as it does music-intensive radio. The Conclave news/talk format symposium will cover the latest changes affecting news/talk—including the growth of liberal/progressive talk, and the rise of "conversation radio," while also exploring how network-news execs are reshaping their products to work with music radio.

In the June 6th issue of *Radio Ink*, two honors were bestowed to **NRG Media's** executive officers. **Mary Quass**, President/CEO, was ranked fifth in the category of *The 50 Most Influential Women in Radio*, and **Tami Gillmore**, CFO, was named a *Woman to Watch* (Okay Radio Sexists, go ahead and have a good laugh over THAT category...) This marks the fourth time Ms. Quass has been named to the list. This year, the magazine has added a list of Women to Watch that focuses on women moving up in the radio industry. Ms. Gillmore was selected to be in this inaugural class of successful female broadcasters. "It is wonderful that Radio Ink has picked up on something I've known for years – these are two terrific women who are dedicated to producing Great Local Radio," said **Chuck DuCoty**, COO. "Truly, it is an honor well-deserved by both Mary and Tami. Since their KHAK days, they have worked in small and medium sized markets providing superior broadcasting service to their communities. It is an honor to see their talents recognized on the national level."

Spike O'Dell, morning host at WGN/Chicago, arrived home from a family vacation earlier this week to a home ravaged by fire. The blaze consumed the first and second floors of O'Dell's Aurora, IL house, but leaving the garage untouched. No injuries were reported, but the family's dog is still unaccounted for.

Fire wasn't the only destructive force of nature doing damage this week. The Midwest was hit with a string of severe storms in early June, and Christian KCGN/Milbank, MN's building was hit hard. Not long after the clock struck twelve early in the morning on Tuesday, June 8, strong winds completely leveled the station's building. The radio tower was left standing.

Applause is in order for **Infinity AC KEZK/St. Louis**, as they join forces with the **Susan G. Komen Breast Cancer Foundation** as the official station of the **2005 Komen Race for the Cure**. Last Saturday (6/18), \$2 million was raised for the cause, bringing the 7-year total to an astonishing \$10 million. Even the competition got into the act with **Bonneville Country WIL** sending their morning team of **Cornbread & Pat** to help with the event.

It would appear that **Billy Corgan** has rebounded from any "mellon collie" he may have been experiencing after infinitely sad critical and popular responses to his solo ventures. The singer told **Infinity AAA WXRT/Chicago** host **Terri Hemmert** that he has plans in place to reunite his band, alternative rock darlings **The Smashing Pumpkins**, saying, "...I have made plans to renew and revive The Smashing Pumpkins. I want my band back, and my songs, and my dreams."

From this statement, it would seem that the band has gotten over the (ahem) artistic differences that broke them up. Here's hoping the new, improved Pumpkins don't end up singing an ode to no one.

The St Louis Cardinals may be taking a page from the **Minnesota Timberwolves** by not only taking their broadcasts crosstown from **Infinity Talk KMOX** over to **Dorsey Talk KTRS**, but also purchasing said station. So far it's nothing more than a rumor, but could this be the next big trend in sports broadcasting?

Jason Rogers, a former morning air talent at WOZZ/Appleton-Green Bay, died last week. He apparently killed himself in the WOZZ parking lot – although he had not worked there for several years - after setting the inside of his car on fire, asphyxiating him. Known as the "Coach", he worked mornings with **Andrew Ashwood** (now a VP Fox Sports Radio) and later with **Big Ken O'Brien** (who's doing mornings for KSTZ/Des Moines). Said **Jeff McCarthy/VP-Midwest Communications**, "Jason was an extremely bright person with an incredible ability to retain sports facts. Jason eventually left WOZZ and got himself a real job. He continued to do play by play of high school sports for us through 2003. Needless to say, we are all in shock and are truly saddened by this loss. Jason was loved by all and a delight to be around." He was 32 years old.
