The Conclave announces that it is kicking-off the 2007 scholarship application drive for the radio and music industry scholarships given annually to three nationally recognized educational institutions. The scholarships are offered to attend **Brown College** of Minneapolis, MN or to **The Specs Howard School of Broadcasting Arts** of Southfield, MI. One Music Business scholarship will be awarded to the **McNally Smith College of Music** in St. Paul, MN. In all, Conclave scholarships represent a value of over \$65,000. Entry forms and more information are now available inside career counseling offices at high schools around America or by visiting the Conclave scholarship website at www.radioscholarships.com. This simple application process for the radio industry scholarships requires a one-page questionnaire and voice tape/ CD from the prospective student. A questionnaire and essay must accompany the music industry scholarship application. A panel made up of members of the Board of Directors of the Conclave and Conclave advisors will choose the winning radio scholarship recipients. The **Douglas Smith Foundation** will select the music industry winner. The scholarship deadline is April 2, 2007. Winners will be announced shortly thereafter. The Conclave has made a 30 second radio PSA announcing the scholarship available via download at www.theconclave.com for stations wanting to help alert students in their community to these scholarship opportunities. For those in our industry who ask, "Where will we find new talent?", the answer may lie in the assistance radio will provide this important and unique scholarship program. The 2007 Radio Learning Conference: Conclave 007 – For Your Ears Only will be held the first weekend after the all-important Spring Book. Tuition is only \$199 now through May 1, 2007, the lowest price for any seminar in our industry. Details and registration information can be found at www.theconclave.com. Reuters reports this week that plans may be a-buzzin' for **Rupert Murdoch!** Murdoch has joined the **Chandler** family bid for **Tribune Co.**, and has his sights set on **Newsday**, the Trib's Long Island paper. Because of cross-ownership conflicts News Corp.'s WNYW-TV/NY and

the **New York Post**, he can only buy a minority interest and merge the Post's and Newsdays' offices, while keeping editorial departments separate. Currently, Tribune owns only Talk WGN-AM in Chicago.

It's official! Popular personality **Ed Schultz** is returning to local radio, going back home to Talk KFGO-AM/Fargo on February 1. The change comes with the purchase of the station by **Jim Ingstad** from **Clear Channel**. Schultz resumes the "News and Views" show from 8:30-11:30a CT for KFGO, but continues in syndication for **Jones Radio Networks** and P1. Ingstad has also reportedly hired **Triad Broadcasting/Fargo** VP/Market Manager **Nancy Odney** as COO at **Ingstad Radio Fargo-Moorhead**. **Jeff Hoberg** stays on as Market Manager.

The **French** family of Westchester County, NY is likely the new owners of **Air America Radio**, according to the **Wall Street Journal**. Of course, it hasn't been officially announced yet; but the family, who owns the independent WRNN/TV/Kingston, NY is the likely candidate to buy AAR out of Chapter 11. **Richard French**, formerly an official of the New York State Democratic Party, would like host a prime-time show, and **Mark Maron**, formerly of Air America, has been in talks to return. Approval from the bankruptcy court is required for the official sale.

Felicia Middlebrooks will headline the 2007 **WITASWAN (Women in the Audience Supporting Women Artists Now!)** convention in Chicago this year! The CBS News Anchor, based out of WBBM-AM/Chicago, can be seen at the Landmark Century Center Theater on March 31. She will show her documentary "**Somebody's Child: The Redemption of Rwanda**," and field audience questions afterward. This is the third annual program for WITASWAN, which partners with the **American Association of University Women-Illinois**, the **Association For Women Journalists**, the **Illinois Woman's Press Association**, and **Women in Film/Chicago**.

Popular Denver host **Scott Cortelyou** was arrested Tuesday morning in Lakewood, CO, and booked on charges of trying to lure a child into sex on the internet. Cortelyou co-hosts KRCN-AM/Denver's "**Business for Breakfast**." He's a veteran news and business anchor, and has been in Denver for years with several different stations: KOA-AM, KHOW-AM, KKZN-AM, KMJI, and KMGH-TV. He was picked up at the station by Ft. Collins police, taken to the Larimer Country Jail, and booked on two Class 4 felonies: Internet luring of a child and Internet sexual exploitation of a child.

Sean M. Beall, 34, was killed last week in an apartment fire in LaFayette, IN, where he's better known as "**Marley**," and overnight personality and Creative Services Director for Schurz Rock WKHY. Beall was an on-air personality for 12 years at WKHY. His friend and co-worker, PD **Jeff Strange** issued this statement: "He was just a great friend and is going to be sorely miss by us. He had been out at a radio function before he went home for the night, so he got to spend some of his last hours with some of his closest friends."

Twin Cities radio lost two veteran on-air personalities last week...Minneapolis radio personality **Mark O'Connell** died Saturday at age 52 from complications of melanoma. O'Connell joined KSTP Radio in 1998 as part of the "Babs and the Boys" show. Co-host **Ron Rosenbaum** said, "Mark was a radio professional from head to toe. He was a stand-up guy in a business that wasn't always like that. He wasn't a screamer or yeller; he was a guy who called it as he saw it." **Ginny Hubbard Morris**, President of **Hubbard Broadcasting's** radio operations, agreed: "At the very heart of Mark was his professional integrity as a top-notch newswoman with a curiosity about the world that was very unique"...**Dean Spratt**, who for years was the voice of traffic reporting in the Twin Cities, died Saturday, a few days after suffering a stroke. He was 54. Spratt was a gamble on two fronts when **WCCO Radio** hired him in 1981. First, no station had done traffic reports in the market. Second, the station was hiring a guy who was blind from birth. Working from his home, surrounded by police radio scanners, Spratt gave listeners picturesque descriptions of traffic — and weather conditions — throughout the metro system. He was believed to be the first blind person in the country to take on the task, though others have followed. Spratt was a WCCO employee for 14 years. He exited the station when Westinghouse purchased it a dozen years ago, and went to work for Metro Traffic, which does reports for a number of local stations including WCCO. Two years ago, he was a bottom-line victim at Metro Traffic, too. In the last two years, he conducted a satellite radio program, "Thursday Night Potpourri," from the front room of his home. With his two adolescent daughters watching, the creative Spratt put together a weekly three-hour show that attracted a small but loyal international audience. (Some of the report above was found in Doug Grow's column in the Minneapolis Star-Tribune earlier this week). *We'd like to add just a quick word about Dean. He was a lifelong friend who literally defined radio by his very existence. He pioneered traffic reporting while never having seen a highway, or cloverleaf, or stop sign. In spite of his blindness, he performed miracles daily behind a microphone. What Dean's eyesight was never able to bring him, his imagination, ears and voice more than made up for. We're a better medium because Dean Spratt stopped this way, even for so brief a time.*

Jeff Smulyan was the guest of honor on January 22nd at the second annual **Indiana Minority Business Magazine Dinner**. The **Emmis** Chairman/CEO was being recognized for his work in the area of diversity at Emmis, and received the **Dr. Martin Luther King Freedom Award**. Last year's recipient was **Tony Dungy**, coach of the Indianapolis Colts.

Sean M. Beall, 34, was killed last week in an apartment fire in LaFayette, IN, where he's better known as "**Marley**," and overnight personality and Creative Services Director for Schurz Rock WKHY. Beall was an on-air personality for 12 years at WKHY. His friend and co-worker, PD **Jeff Strange** issued this statement: "He was just a great friend and is going to be sorely miss by us. He had been out at a radio function before he went home for the night, so he got to spend some of his last hours with some of his closest friends."

Changes. New night jock **Chase** is welcomed aboard to **Clear Channel's** Top 40 WZEE/Madison. He also will serve as webmaster, and hails from **Leighton Broadcasting's** Top 40 KCLD/St. Cloud, where was helming the midday...Goodbye to **Wendy Snyder**, who exits the **Steve Dahl Show** at **CBS** Talk WCKG as sidekick/traffic reporter...Hatcher gets upped at Cumulus/Appleton-Oshkosh WWWW as the 7p-midnight host...Tom Waddle leaves his co-host post at Tribune Talk WGN-AM/Chicago's Sports Central after the Super Bowl. Waddle is a former Bears receiver.

Adult Standards KOMJ-AM (Magic 1490)/Omaha is being purchased by **Ted and Jana Tucker's Cochise Broadcasting LLC** for \$500,000. **Journal Broadcast** sold the station, which leaves it with five stations in Omaha. JB also operates **CBS KMTV-TV** in conjunction with **Emmis**.

Saga (as **Franklin Communications**) has gifted Classic Hits WQEL/Bucyrus, OH to **Bible Broadcasting Network, Inc.** The change-up is part of a rearranging by Saga, with WQEL replacing Jazz WJZK in Richwood, OH, which is in turn moving to Grandview Heights, OH, to be closer to the Columbus market. To be in compliance with the multiple-ownership rule, Saga has to spin off WQEL.

The non-profit **Throw-Fire Project** has purchased the CP for a new AM in Baxter, MN (near Brainerd) from **Ed Delahunt** for \$600,000.

The **FCC** has allowed the assignment of five Ohio stations from **Stop 26 Riverbend** (Debtor in possession) to **D.B. Zwirn's Bernard Ohio LLC**, and has renewed the licenses for all the stations as well. The FCC denied the petitions of several complaints by several parties, including a former Stop 26 principal, **Percy Squire**. The allegations the FCC dismissed were the unauthorized transmission of control, public-file violations, and power-level violations. The five stations in the cluster are WVKO-AM/Columbus; WVKO-FM/Johnstown, OH; WRBP/Hubbard, OH; WASN-AM/Youngstown; and WGFT-AM/Campbell, OH.

Mike "Big Dog" Kapel, former OM of the Fargo cluster of **Clear Channel**, lost his job when Clear Channel sold the stations. Kapel was in charge of N/T KFGO, Sports-Talk KVOX-AM, Top 40 WDAY, Classic Rocker KKBX, Country KDAM, and AAA KCRM, and Country KFAB. He also did the morning drive at WDAY. Reach out to Mike at mkapel73@yahoo.com. Also out are KDAM MD/nights **Chris Conway**; KDAM morning jock and KRVI MD/afternoon **David Black**; KDAM midday lady **Autumn Grant**; and KFAB wake-up man **Erik Grande**.

Changes, Too. **Rick Hall** has been appointed Prod. Dir./middays for **Salem** Christian AC WFZH/Milwaukee. He was previously PD/afternoons at Christian AC WQFL/Rockford...**Sonya Blakey** has moved across the street to head up **Clear Channel's** WGRB-AM (Inspiration 1390) from **Crawford Broadcasting** Gospel WYCA/Chicago as their PD/MD...**Jay Butler**, favorite Detroit personality, helms "**Faith Talk Afternoons**" on **Salem** Religion WLQV-AM/Detroit...**Maxwell** is officially the new MD at **Clear Channel** Top 40 WNCL/Columbus, where he was doing nighttime duties.

A station flip in Lawrence, KS, leaves **Jayhawk Broadcasting** Classic Rocker KMXN with a new name and format: Active Rock "X92.9 Rocks Lawrence." **Newman**, parttimer at the station, now has nights, while **Floyd** takes over as Creative Services Director. Other staff remains the same.

Tom Moran, longtime player in the record industry, is the new face at **Show Dog Records/Nashville**, coming on as VP of Promotion. **GM George Nunes** made the announcement recently about the former VP of Promotion at **Epic/Nashville**.

Comment – Jennifer Strange & Mancow. *The big news over the past 10 days has been the KDND debacle. You know the details. A morning show stunt/contest that went terribly awry prompts industry outcry, a mass firing, a criminal investigation, a wrongful death suit, a complaint to the FCC, and calls for Entercom (owner of KDND/Sacramento) to lose license(s) and kill a potential station deal it cut with CBS. The industry is abuzz with all that. But the real tragedy is the death of a young mother and ironically, the person inside our industry shouting the loudest about her at the moment is Mancow – a personality who has engaged in his share of dangerous stunts in the past. But the fact is, the only thing separating Mancow – and thousands of radio personalities and stations through the years - from participating in a promotion that could have had a tragic ending is luck. The Bay Bridge haircut Mancow received in 1993 stopped traffic for hours – and he was fined heavily for it. Luckily, there was no ambulance carrying a critically injured child who needed to cross the bridge that day. A death in that instance could have happened...but it didn't. So, stunts like that one 14 years ago – and the water-drinking contest last week – continued to be a part of radio's accepted promotion regimen for years. Now, a death has occurred and the industry is rightfully nervous and introspective. It's good Mancow sees the light, and we're hoping others will follow his lead. The tragedy is that it took Jennifer Strange's dying to show the industry how shortsighted it has been. Hopefully, we've learned the lesson to start planning and executing promotions considering each and every possibility that could result. Let's hope that Jennifer Strange has finally taught us - after decades of being incredibly lucky – how to be more responsible members of our communities and possessors of one of the most precious commodities a democracy can give – the rights to the airwaves. – TK*
