Red Rock Radio Classic Rock KQDS/Duluth morning co-host **Frank Befera** exits the station after photos of him in sexual situations with an unidentified woman surfaced and were sent to people in the community. Befera, who became the morning co-host in December 2009 after **Bill Jones'** departure, told the **Duluth News Tribune** that he supported the station in its decision to fire him over the photos and that "I have a tremendous level of respect not only for the company, but for the management and everyone I work with there," adding, "Everybody has a private life and I work hard every day, love my job, love the people I work with, love Duluth and would give my life to help other people. It's unfortunate that this happened, to prohibit me from enjoying what I really love – which is being at Red Rock Radio." Befera said he had no comment on the photographs, who took them, or how they ended up being made public. He said he has retained a lawyer, but wouldn't say to whom any legal action would be directed. The photographs were linked to an online media discussion and gossip bulletin board. In the three photographs, Befera is seen with an unidentified woman, both in various states of undress. Befera has been involved with local radio since the mid-1980s. He said he built Mix 108 FM. His father, **Francis "Fran" Befera**, is considered a pioneer in Minnesota radio and cable TV broadcasting. He died in 2004.

The temporary restraining order obtained by **Music Ventures** Talk KFKA-AM/Ft. Collins-Greeley, CO GM **Justin Sasso** against **Brett Reese**, owner and host of crosstown low-power KELS and a member of the Greeley-Evans School District 6 Board of Education has been made permanent by a Weld County Court Judge. Judge **Charles S. Unfug** ordered Reese, who became controversial after denouncing **Rev. Dr. Martin Luther King Jr.** on the air and packing a gun for school board meetings, to stay at least 100 yards from Sasso, his home and KFKA. Reese had threatened a "shootout" with KFKA because it was going after KELS' advertisers. Reese says he will appeal.

Munson Radio Adult Standards KEIN-AM/Great Falls, MT has gone silent after an alleged break-in and a court judgment. Reports are that property owner **Creed Evans** reported on January 16th that someone had broken into the transmitter building and switched the station off, but licensee Munson Radio Pres. **Steven Dow** said that when he came to the station to try and get it back on the air, he was locked out with the locks changed and court documents on the door saying that Evans had obtained a default judgment against Munson Radio for failure to maintain the property, pay for repairs, or insure it to the proper level. Evans adamantly denies having the station turned off and that it is not in his interest to have the station silent. Both parties will now wait for the court to rule on a stay of execution of the judgment ordering Dow off the premises.

NRG Media Country WYTE/Wausau-Stevens Point, WI morning man **Pat Clark** has made good on a bet for the **Green Bay Packers/Chicago Bears** game last Sunday (1.23). Clark, a native of Chicago, had been growing a "Bears Beard" to support his hometown team in their bid for the Super Bowl. His partner **AJ**, both on and off air, had enough of his scruffy face and proposed the bet. The Bears lose, and not only did he have to shave, but he also had to dismantle his legendary "Bears Bathroom." After the Packers won, Clark shed both tears and facial hair.

Next July??

You and the Rockwell! Since 1989, the Conclave has presented **The Rockwell Award** - an annual lifetime achievement award - to an individual of unquestioned accomplishment inside the radio industry. This year, the Conclave once again reaches out to the entire industry to help select nominees for this important recognition. What is the Conclave looking for in a Rockwell Award recipient? It seeks a person who is not just an inspirational leader, but a person of great accomplishment - one who teaches and guides others directly, by example, or both. The successful nominee has made lasting and significant contributions not just inside their industry, but to the public the industry serves. The Rockwell honoree is a pioneer who has paved trails for others to follow, now and in the future. They are resolute, strong, committed, and have their work respected by all. Do you know a professional who matches this description of unparalleled success and outstanding leadership? If so, please nominate them for this special honor to be awarded at the July Conclave Learning Conference. The Rockwell nomination guidelines are as follows: 1. Any member of the industry may nominate one or more persons for the Rockwell award. They may come from any walk of industry life: a syndicated or local talent, a single market or national programmer, a general manager or group owner, a production or promotion professional, V/O talent, etc. 2. All nominations must be accompanied by supporting evidence sufficiently detailed for the Conclave Board to render a decision (e.g., a resume; accounts of industry accomplishment; testimonials from individuals or organizations regarding the nominee's body of work and contribution, etc.) 3. Nominations must be made in writing, sent to the Conclave office via mail (4517 Minnetonka Blvd #104, Minneapolis, MN 55416), email (tomk@theconclave.com), or fax (952-927-4487) no later than 6PM CST Friday, February 11th. Members of the Conclave Board of Directors and its staff will meet shortly thereafter to weigh the merits of each nominee. An announcement of the recipient will be made on or before March 1, 2011 and the Award will be presented during the 36th Annual Learning Conference, July 14-16th at the **Doubletree Park Place Hotel** in Minneapolis.

Changes at **Oasis Radio**/Ft. Wayne as OM/Dir. Programming **Phil Becker** moves up to GM/Dir. Programming. Becker will oversee Top 40/Rhythmic WJFX, Country WBTU and Talk WJOE. One of Becker's first orders of business was the hiring of **Chris Saglian** as Dir./Sales for the cluster.

Clear Channel/Omaha announced that **Hoss Michaels** will join Country KXKT and sister KTWI/Omaha as MD. Hoss leaves his six-year position as PD at **Three Eagles** Country KZKX/Lincoln to join the Country combo in Omaha. Michaels replaces **Craig Allen**, who exited in November.

The long-rumored layoffs at **Universal Music Group** have now become an unfortunate reality. The company, including **Interscope Geffen A&M**, **Universal Motown**, **Island Def Jam** and **Universal Republic** will cut around 60 employees. Exiting from the region are **Tom Martens** (314.737.7160 or recorduck@aol.com) and **Chris Hughes** (313.204.0510 or chris4bears@gmail.com).

The Michigan Association of Broadcasters reports the death of **John Anderson**, founder of WCCW-AM-FM/ Traverse City. He was 83.

We are saddened to report the passing of the legendary **Bobby Poe, Sr.**, aka The Poe Kat at 77 from a blood clot. Bobby was the publisher of Washington, DC based "The Pop Music Survey" which began in 1968 and played host to the annual Pop Music Survey Convention, an annual gathering of the radio and record communities for meetings, fun and awards.

Condolences to family and friends of **Ruth Meyer**, who died Saturday (1.22) in Kansas City. For those not aware of Ruth and her history, **Tom Taylor** explained her role as a Top 40 pioneer in **Radio-Info.com** earlier this week: "Ruth was seemingly everywhere in the explosive developmental days

of top 40 – working alongside pioneer **Todd Storz** at WHB, Kansas City in the 1950s, then jumping right to New York's WMCA when it imported manager **Steve Labunski**. She was brought in as promotion director, then advanced to PD and adapted the "Good Guys" idea that WABC had toyed with. Ruth went on to work at WHN, WNEW-AM and **ABC Radio**. Consultant **Walter Sabo** worked with her at ABC and passes along the news of Ruth's death. He describes her as being "from the Midwest, a good Catholic girl with a bawdy laugh...She coaxed, joked, teased and made you feel good. You did what she wanted because she knew her audience and you wanted her to be happy." Sabo says being around her was "a front-row seat to a master class." Meyer brought **Gary Stevens** to WMCA in 1965 to do evenings and "Good Guy" Stevens says, "She was a great lady. Some years later, I returned the favor by making her station manager at WHN, when **Doubleday** bought it." By that time, Stevens was running the Doubleday radio group. In 1968, Meyer left to begin consulting, working with international clients such as **Radio Caroline** and **Radio Luxembourg**. To sum up - Walter Sabo says, "Ruth Meyer was a true inventor of top 40...She says she was taught, directly, by Todd Storz. She always said 'It was all Todd.' But it wasn't."

TrafficTalk, a new media service for commuters that connects them – by cell phone – into live “community” conversations about traffic in their area—has an opening for a Traffic Host for mornings in Detroit. If you have lots of on-air experience, are looking for a way to expand your name recognition in your market, and would like to gain call-in/talk show experience, make our new media play your next move. As a Traffic Host, you will manage CB Radio-like conversations, greet callers, take their information and help the thousands of listeners to better understand what is going on around them. You will invite listeners to provide updates on traffic conditions in different areas; to report on possible alternate routes they may be taking to get around an accident; and engaging them in conversation when traffic is light. Similar to a call-in show or a talk show host, your role will be to entertain as much as to help people get the traffic information they need, building a sense of community among callers that builds trust and keeps them coming back. Starting as a phone-based service, TrafficTalk will soon begin syndicating audio streams, so people can listen in from their home or office, or from their smartphones, thus expanding our audience. In short, you will be helping us build a whole new way for traffic information gathering and distribution to a world of drivers whose needs have been tremendously underserved though the age-old radio traffic reporting methods. We've launched service in the 20 most congested U.S. cities: Los Angeles, Washington DC, Atlanta, Houston, San Francisco, Dallas, Detroit, Miami, New York, Phoenix, Seattle, Boston, Chicago, Philadelphia, Orlando, San Diego, Tampa Bay, Denver, Baltimore and Las Vegas. As a start-up company, we are launching on a shoe-string, and we are actively talking with investors and potential media partners that will enable us to begin hiring paid talent in each market. Until that becomes possible, we are seeking Volunteer Traffic Hosts that are willing to invest some time and help us launch the service by covering an AM or PM rush hour shift, Monday-Friday. These trail-blazers will be the first people we consider as we begin hiring. While first consideration will go to people with prior traffic reporting experience, we invite anyone with strong knowledge of the roads in the above markets to apply. Since our Traffic Hosts will be working from home, there is NO requirement to be physically located in one of the cities served. Please go to <http://www.TrafficTalk.info> for more information on our service and how you can become a TrafficTalk Host.
